Subject: CNELTD1: Johanne Berube has rejoined the Steering Committee

I am very happy to welcome Johanne Berube back to the CNELTD Steering Committee. After getting used to changes in her medication she started feeling much better and decided that she was able to rejoin the Steering Committee. In the last few weeks she has been busy setting up a CNELTD website to facilitate the communications between the Steering Committee and the CNELTD members. This private website will be available only to people who have contacted the CNELTD Steering Committee. Soon Johanne will be sending members an email that will explain how to access the CNELTD website.

I hope that you will all join the Steering Committee in giving Johanne a warm welcome back!

Since there have been some new members who joined the CNELTD membership recently, I will also list the other Steering Committee members: In addition to myself and Johanne, Kevin LeBlanc and Anne Clark-Stewart are also members of the CNELTD Steering Committee. Johanne and I are the ones who read the emails that you send to the Steering Committee and reply to them. Johanne is bilingual, and so is Kevin. Anne is our liaison between the CNELTD and the NRPC, which represents all of the Nortel Pensioners, including the disabled employees, who are deferred Pensioners. We are lucky to have a pension expert on our committee since many disabled employees who are near age 55 or older might be interested in starting their pensions in the near future, and the windup of the Nortel Pension Plan is very complicated. Further details about pensions will be provided on the CNELTD website. We are awaiting responses from our lawyers at Koskie Minsky to a list of questions about the pension plan windup, and this should be ready soon.

Regards,

Sue Kennedy

(Court-Appointed Representative and Steering Committee Member)
