Ms Rubenstein

Where is the methodology that the Court approved? By applying the factors provided in the 75 Report we cannot replicate the numbers on our claims. Why can't we see the methodology ie: the calculations? This would solve all our interrogations we have.

Thank You

Josée Marin

Dear Ms. Marin,

The calculation of the claims is based on a court approved methodology which your court-appointed advisors reviewed and in which they had input. If your information is incorrect, please correct it. This means the information on which your various claims were calculated. Other people who believe their information is incorrect should also correct the information on their forms and submit them. The January 6 date remains the date for submission.

Regards,
Gale Rubenstein

I am still trying to figure out my claim with help... Even with the information provided in the 75 report, my claim is still to low for medical and LTD. I have to ask again for calculations examples for each claims. People are desperate about their claim, once I have figured out mine then I will help others.... The time is running out is there any discussion about postponing the date to send the corrections in? It would help tremendously .

Thank You

Josée Marin

Dear Ms. Marin,

1. Nortel introduced new plans and changed plans over the years. I cannot comment on what was available in 2000. The changes made in 2008 did not negatively impact the LTD Beneficiaries who were in receipt of LTD benefits in 2007 and the introduction of new plans did not "down-grade" the one you were in.
2. I do not know whether you have any other changes to your form. Please make the changes you wish and submit the form.

Regards,

Gale Rubenstien

Hi All

1- Medical and dental plans

I went and looked in my old papers and found out that I was in the Plus plan for Medical and dental, that was the best option in all 3 plan in 2000, why is there a new plan called Select now. The 3 options were basic, comprehensive and plus; now there is comprehensive, plus and select.... Did Nortel changed the name of the plans in order to downgrade my coverage when I was on LTD? **I never elected to go into an inferior plan.**

2- Optional life insurance

My selections for 2001 are marked as being 3 times my salary and a supplementary 5 times is pending.... I joint the letter from Sun Life telling me I was accepted or 5 times my salary in January 2001, why aren't the corrections made yet ? I send this letter to the monitor in May 2011

Please make the appropriate changes to my claim

Thanks

Josée Marin
