Subject: Complaint to the Ontario Consumer Protection Act

The Honourable Minister of Consumer Services John Gerretsen,
900 Bay St. 6th Floor Mowat Block
Toronto , Ontario , ON M7A 1L2
Tel: 416-327-8300
Email: jgerretsen.mpp@liberal.ola.org

Dear Honourable Minister Gerretsen,

I am one of 360 former Nortel disabled employees who are now in dire straits because Nortel cut off our employer sponsored long term disability insurance and stopped paying us wage loss replacement on Dec. 31, 2010. We are individuals who suffer from a variety of illnesses including MS, Parkinson's, and cancer to name a few. We are now financially devastated. This is also a life and death situation for some.

We wish to bring to the Honourable Minister's attention our complaint under the Ontario Consumer Protection Act against Nortel Networks Ltd. and Sunlife Financial for unfair practices in the form of false, misleading and deceptive representations to us about our disability insurance. Our detailed complaint is outlined in the attached document.

I am writing directly to you because of the urgency of our situation. We need the province to take action immediately because the Nortel CCAA process is moving along quickly and we are looking for a \$75M restitution.

We would very much like to meet with you and your senior officials to brief you on the details of our complaint. Ideally some of our people and representatives could meet with you in person in Toronto . Selected disabled individuals would like to teleconference in from across the province and the country.

Please let me now if a meeting can be arranged. Look forward to meeting you.

Sincerely,
Carol Sampson
